## President's Message

Working from home can sound really interesting and if you can do it only part time, that may be really appealing. Well, founder and CEO of WAHVE, Sharon Emek came up with a way for semi-retired Insurance personnel to get legitimate work while helping out companies or agents.

If you're like me with many years of experience but maybe short on retirement savings, it can provide a way to earn an income while working from home with flexible hours.

Our guest this month will explain how to get a WAHVE job if not for you, maybe a colleague. You may also have an agent that is looking to find someone that can assist them. Besides maybe working from home, there are other reasons to be thankful. For example, I'm aware that with all the pain and suffering, hardship and turmoil in the world that I've had an amazingly blessed life. After surviving my time in the

hospital last June, I'm very conscious that I'm expected to do something with the grace I've been given. To be honest, I think we all are.

The first thing I want to do is make a Gratitude List:

Even though I don't move like a used to, I'm thankful for my health.

After 43 years of marriage, I'm thankful for my husband.

I'm thankful that I enjoy working and can still work

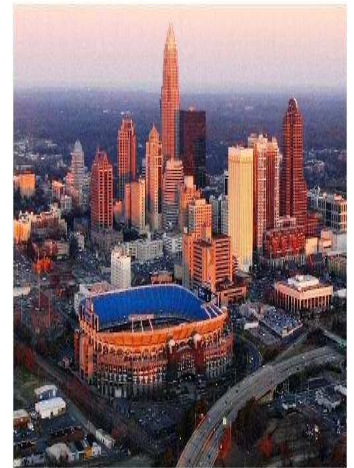

I'm thankful for books, British mysteries on TV and PBS.

I'm immensely thankful for the wonderful friends I have

I'm really proud of all of us, because we do share our blessings and grace with others. Have a joyful, safe and blessed Thanksgiving.

## AWARDS - DEADLINE is November 15th!

Please do not 'hide your light' - step up and apply for one of the many awards available—Claims, Underwriting, Risk Management, Rookie, Insurance Professional. Do we have anyone interested in competing in the CWC speak off? If I can assist you in any way, please let me know. We have lots of talent, let's show it off!

## EDUCATION/SAFETY

We donated 300 Operation Edith coloring books provided by IIANC to Watson Insurance Agency for an event they had promoting Fire Safety at their office on 10/11/17. The event included fire trucks, free food, and games as well as helping families plan 2 exit paths in the event of a fire.

We had 3 awesome candidates for the \$1000 scholarship we provide to an ASU student majoring in Risk Management annually. The members voted and Carla Matheus won the scholarship from our organization. Your fundraising efforts and hard work we put in collectively at the golf tournament help provide these scholarships. UNCC chooses their winner based off our criteria – so we should be getting that person announced to us in the next few weeks.
